January 31, 1993

Dear Parent of Junior Rower:

This letter is sent to the parents of all Junior rowers in order to make sure that everybody is aware of and understands the rules and responsibilities of Juniors rowing at the Narragansett Boat Club.

It should be understood that the parents of a Junior rower assume responsibility and are liable for any damage caused by the Junior. Normally, any Junior rower may row only when accompanied by an adult member of the Club.

Each and every time they go rowing, it is the responsibility of Junior rowers to secure the agreement of an adult rower to accompany them. The Junior must row within reasonable proximity to the adult during the entire rowing session.

A Junior rower with advanced or exceptional sculling ability may receive permission from the Board of Governors to row alone, only after receiving written permission from his or her parents and the Captain of the Club. A Junior rower's status changes on December 31 of the year he or she turns 18 years of age.

We hope that this clarification of rules and responsibilities will help to insure the continuation of the outstanding record of safety enjoyed by the Narragansett Boat Club through the years and to enhance the pleasure your child receives from rowing.

If you have any questions concerning the implementation of this policy, please feel free to contact the Captain of the Club.

Sincerely yours,

Elisabeth M. Head, President
Narragansett Boat Club
